Bennett is Western Australia’s leading commercial dispute resolution and litigation firm. Founded in 2011, Bennett is at the forefront of Western Australia’s legal landscape, as one of the state’s top litigation and dispute resolution firms with a strong focus on agribusiness.

Bennett has a close affinity with the agricultural industry across viticulture, grain, dairy, fruit, aquaculture, livestock and processing, crop protection and forestry sectors. We understand its unpredictability, challenges, and opportunities. Furthermore, future growth in the agribusiness sector via ownership, opportunities for innovation, advancing operations and the attraction of investments are all factors that give rise to a need for dedicated legal services.

Our agribusiness lawyers have the knowledge to protect and advance the interest of farmers and producers, farming families, businesses, corporations, entities and individuals.

When you connect with us we take the time to listen, to understand your legal situation and what it means to be resolved. We will take you through our methodology we call “The Bennett Way” that is then tailored and applied to ensure our firm is right for you. If we partner together we establish a clear process of communication, we align on expectations and ensure we diligently work to resource your legal issue.

Once engaged we will provide immediate legal advice in relation to the issue at hand and also provide any future advice and planning to ensure that your business and family are best equipped to minimise any future legal issues or problems that could arise.

We are absolutely committed to ensuring you have the peace of mind you need to focus on your business productivity whilst we look after your legal issues.
