Bennett is a pre-eminent Perth based legal practice and market leader in the area of litigation. Our practice spans a broad range of litigation and commercial expertise including matters across the employment, mining and resources, defence, aerospace and technology, financial services, agribusiness, construction, media and defamation sectors.

At Bennett, we understand that succession planning and estate litigation are matters that extend beyond legal complexity. They touch on family, legacy and the future.

Our team combines technical expertise with practical insight to deliver tailored solutions that protect assets, preserve relationships, and provide certainty in times of transition or dispute.

Our succession planning practice assists individuals, families and business owners to plan for the future with confidence. We provide clear, pragmatic advice on the preparation of Wills and associated estate planning documents and we design succession strategies that safeguard family wealth and ensure business continuity.

Recognising the unique dynamics that arise in intergenerational planning, we work collaboratively with accountants, financial planners and advisers to deliver holistic and effective outcomes.

Our estate litigation practice supports executors, beneficiaries, trustees and other interested parties when disputes arise in relation to Wills, estates or trusts.

We are experienced in acting in contested proceedings, including claims under the Family Provision Act, Trustees Act, Administration Act, and in matters involving capacity, undue influence, and testamentary validity. Where possible, we focus on achieving a timely resolution through negotiation, mediation, and where necessary litigation.

Our approach is grounded in strategic, cost-effective solutions designed to balance the protection of legal rights with the preservation of important personal and family relationships.

Bennett is trusted for its collaborative approach and commitment to delivering results that matter.

Whether we are providing estate planning advice or resolving disputes, our lawyers bring clarity and confidence to each step of the process, ensuring clients are supported with both professional excellence and personal understanding.
