Bennett is Perth's leading commercial dispute resolution and litigation firm. We were recognised in the 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025 and 2026 editions of Doyle's Guide for Western Australia. Bennett's high performing team has the capability and experience to effectively handle the largest and most complex litigation and commercial matters across the employment, mining and resources, defence, aerospace and technology, financial services, agribusiness, construction, media and defamation sectors.

In the 21st century the commercial success of organisations is heavily dependent on its intellectual property. Protection of the intellectual property lies at the core of commerce. Intellectual property by its very nature is vulnerable to attack by competitors seeking to copy former staff seeking to exploit and competitors seeking to attack the validity of that intellectual property.

Our strong litigation capability has depth and experience in the protection of intellectual property. This gives us the ability to collaborate with clients to both mitigate risk and threats to valuable intellectual property to navigate conflicts, disputes and to structure arrangements that support long term growth and innovation.

We have depth of experience in international patent disputes, trademark disputes and ownership of employee generated intellectual property.

This enables our intellectual property practice to provide strategic commercially focussed advice and representation to help clients protect and maximise the value of their IP across its entire life cycle.
